

Scripps Clinic, Torrey Pines
The Campaign for Primary Care

Enhancing Patient-Centered Care

Excellence in patient care is at the heart of all we do at Scripps — from our highly skilled medical teams to leading edge treatments and clinical settings. That's why Scripps has launched a new campaign to enhance the Division of Primary Care at Scripps Clinic, Torrey Pines.

Plans are under way to renovate the third floor to better support our patient-centered model of care through:

- Dedicated primary care patient check-in and waiting area.
- Patient Resource Center with navigators who can help educate patients about their conditions and care plans.
- Vitals and diagnostic equipment in each exam room for added privacy.
- Visually appealing, calming environment that offers a sense of wellness and enhances the flow of activities.
- Innovative team training to ensure the culture of excellence patients expect at Scripps Clinic.

Philanthropy in Action

This new environment will only be possible through philanthropy. In addition to the significant naming opportunities listed on the back, you can also:

- Join us at the Scripps Clinic Invitational Dinner on September 14, 2017.
- Sign up for the annual Scripps Clinic Golf Tournament on September 15, 2017.
